Liquahinj**A PURE RUBBER CEMENT****FOR MOUNTING STAMPS**

LIQUAHINJ is prepared for stamp collectors' use. It is a pure rubber cement, free from sulphur, and other ingredients commonly found in the ordinary rubber cement. Nothing but pure rubber dissolved in solvents that are non-injurious to postage stamps.

LIQUAHINJ is ideal for Philatelic Use. One bottle will do the work of several thousand hinges, do it easier, neater and quicker. It is ideal for mounting covers and large pieces.

Stamps mounted with LIQUAHINJ can be readily removed from your album pages, leaving the pages perfectly clean and ready for mounting other stamps if desired, no ugly marks as left by hinges.

LIQUAHINJ is put up in two ounce bottles with black bakelite screw cap, packed in cartons with special applicator stick and with complete printed instructions and suggestions for use.

NIPPONESE PHILATELIC AGENCY

The Honorable Kyoichi Suzuki, Secretary of the Department of Communications, Tokio, visited the Philatelic Agency in Washington late in March, with a view toward establishing a similar type of Agency in Tokio, Nippon (Japan.)

TIPEX SHEET

The Post Office Department has announced that the souvenir pane for the Third International Exhibition at New York will consist of four stamps of the 3c denomination. It was also stated that the little pane will be 3 inches high by 3 5/8 inches long. These dimensions preclude the use of any stamps other than the horizontal type of commemorative. Recent rumors notwithstanding, this would definitely rule out the Rhode Island stamp. Perhaps by the time this story is ready for the columns of Linn's Weekly, a telegram will have been sent giving the full details as to design. Were your writer given to passing along all the rumors one hears on every side, readers of Linn's would have been lead to believe that first one commemorative after another had received the official O.K. But at the time of this writing, your writer believes (but can give no official verification of) that the idea of four different State stamps is still in the running for the Tipex pane, if not a favorite. Although the date of first day sale has not yet been given, it is only natural to suppose that May 9, opening date of the Exhibition will be chosen.

One of the drawbacks to some previous issues for Stamp Exhibitions has been that collectors were forced to pay an admission fee to get into the place where the stamps were sold, as it usually was located in some part of the Exhibition Building that could be entered in no other manner. It is possible that this situation will be avoided in New York, for there is talk of the exhibition pane of stamps being sold not only at the Exhibition, but at some nearby post office branch as well. Somehow or other, small as a fee may be, good old American

citizen hates to be charged a fee to get into a United States Post Office.

TRANS-PACIFIC AIR MAIL SERVICE

There is still no official date given for the first flight on the extension from Manila to the China Mainland. The answer to questions has been for some time, "perhaps in a month or two." The recent flight schedule gave trips for Clippers from San Francisco to Manila as leaving the United States on April 5 and April 15. Return flight dates are scheduled to leave Manila on April 14 and April 24.

ZEPPELIN FLIGHT

Germany is issuing two new Zeppelin stamps in connection with the flights of their new airship HINDENBURG (LZ129) and the Graf Zeppelin between Germany and South America and Germany and the United States. They will be in the denominations of 50 Pfg. and 75 Pfg. It has been definitely stated that the United States will not get out any

new issues for this flight, and it is understood that the postal rate from the United States to Germany will be 40 cents per half ounce or portion thereof. Rates from Germany to the United States have been set at 65c each for postal cards, 70c for letters of 3/8 oz., and 85c for letters of 1/2 oz. This charge includes handling charges in the New York office of the German representative, forwarding expenses on the mail to Germany by steamer, and U. S. Postal delivery within the United States and its territories after the conclusion of the flight.

Orders for covers prepared by the collector, should be accompanied by a U. S. Postal Money Order or certified check (made payable to F. W. von Meister, 354 Fourth Avenue, New York) for the proper amount of postage and should be mailed in time to reach this New York address not later than April 22. More detailed information can be secured from Mr. Von Meister at the New York address.

New United States Stamp Catalogue in May

Hugh M. Clark, Editor of the United States Stamp Catalogue, announced today that a new and completely revised edition of the United States Stamp Catalogue would be issued between May 1st and 9th in connection with the Third International Philatelic Exhibition.

Mr. Clark explained that the new publication is not merely a listing of new prices, though these have received serious consideration throughout, but that the new Catalogue constitutes almost a complete rewriting of the present edition. Hundreds of new items have been included and several entirely new groups are being added to the listing for the first time.

"Prices, to be sure," said Mr. Clark, "are of prime importance, and the Editors have given this phase of the work serious consideration with an unusual number of changes being noted throughout the Catalogue. But, the new Catalogue will go far beyond a mere price revision; we have attempted to list all varieties of U. S. Postmaster Provisionals, Carriers, Locals, and Confederate State stamps, both on and off cover, in pairs and blocks, and with every known type of color and cancellation.

"Outstanding authorities in various fields of U. S. Philately were invited to cooperate with us in making the new Catalogue the most complete listing of U. S. stamps ever published. We asked and received the wholehearted cooperation of such well-known authorities as: Stanley B. Ash-

brook, Harold C. Brooks, Stephen D. Brown, John H. Clapp, Percy Doane, Robert S. Emerson, Paul Fernald, Charles Gramm, John H. Hall, Jr., S. A. Hessel, Henry W. Holcombe, Morton D. Joyce, Edward S. Knapp, Harry M. Konwiser, Alfred F. Lichtenstein, Laurence B. Mason, R. J. Mechin, Edwin J. Milliken, Henry C. Needham, Stephen G. Rich, George C. Slawson, George B. Sloane, Ferrars H. Tows, and many others.

"We sincerely believe that the publication of this new and greater U. S. Stamp Catalogue will mark a great step forward in collating under one cover authoritative knowledge of the stamps of our country."

Some idea of the scope of the new work may be gathered from the fact that the new Catalogue will contain about 100 more pages than the old edition.

Death of H. C. Calvert

Harry C. Calvert, sr., a charter member of the Columbus Philatelic Club, died suddenly Friday, March 27th. Altho he always maintained that he was not much of a stamp collector, he was for a number of years a regular and loyal attendant at the meetings. His interests mainly concerned the issues of Britain and her Colonies. Among those surviving him is Harry Jr., also a Charter member of the Columbus Philatelic Club.

A New Stamp Exchange

We have always believed that the average collector should do more trading and exchanging to add to and build up his collection. Exchange clubs throughout England are quite popular and successful, yet there has never been such interest shown in them by collectors in America as the plan deserves.

Mr. Robert L. Manley, past president of the Columbus Philatelic Club, a collector of Naval covers and Editor of the Column on Naval Covers in this paper has given much thought to a real stamp exchange club and has evolved several new ideas for incorporation in such a club, that should make it of interest to stamp collectors.

Mr. Manley is starting this club in the belief that there are enough collectors who will participate in it that it may be of value to all. While there are no dues or fees, memberships are sold at 25c for a life membership. This small fee is only sufficient to cover the cost of the exchange sheets which are supplied the new member and the postage cost of investigating the references supplied for all members will be required to supply reference.

All trading will be done through a central office for the present. Should the club develop large enough a circuit form of exchanging may be instituted. A club of this nature offers every collector an opportunity to trade his duplicates for stamps he needs and this is the ideal way to enlarge a collection.

Two New Jr. Stamp Clubs

Within the past month a stamp club, composed of boys around the age of 12, was formed at Heyl Avenue School, Columbus, Ohio. The Club has a membership of some 40 boys and is under the sponsorship of Miss Sheridan, the teacher. A contest is now being held to select the name for the club and LINN'S WEEKLY STAMP NEWS will award a prize to the boy whose name for the club is selected as the best.

Grandview Junior High School also formed a Stamp Club under the guidance of Miss Lawson.

Stockholders in Linprint Receive a Six Per Cent. Dividend

At the annual meeting of Stockholder's of LINPRINT INC., held at the offices of the Corporation on Monday, April 6th, a dividend of 6 per cent was declared and ordered paid to holders of Preferred Stock.

Checks for this dividend have already been mailed to all stockholders.

This annual meeting of stockholders to be held each year on the first Monday in April, comes five months after the end of our fiscal year. Our first fiscal year as a Corporation dated from November 1, 1934 to October 31, 1935.

We feel quite proud of the fact that the earnings of our business have been such as to permit us to pay the dividend of 6 per cent on our preferred stock. We are very appreciative of the support that has been given by our readers and our friends in all parts of the country.

Following our incorporation in 1934, some few shares of stock were sold at that time, but it appeared evident that the time was not right for an effort to sell the entire allotment of stock which we had planned to offer.

Business conditions were not such as to lead investors to invest in other lines of business and for this reason, further effort to sell our stock at that time was discontinued.

Now that we have had a full year of operation under our Corporate name of LINPRINT INC. and are able to show earnings sufficient to meet the dividends due on our preferred stock, we feel that with improved business conditions, we can interest our readers in the purchase of stock in LINPRINT INC.

Shares may be purchased for \$10.00 for either common or preferred stock, but it is necessary to purchase three shares of preferred in order to be entitled to purchase one share of common stock. The preferred stock is redeemable at the option of the Board of Directors at \$11.00 per share at any dividend period after five years. This added dollar plus annual dividends of 6 per cent assures a worthwhile investment.

At a meeting of the Board of Directors on March 10th the question of permitting stockholders to purchase our albums, and other philatelic products at wholesale prices as is permitted in some corporations, was discussed. It was the belief of the Board that some courtesy should be extended stockholders and after discussion it was decided that in the future, stockholders will be allowed a courtesy discount of 20 per cent from list price on all manufactured products and on all publications of the Corporation, which are ordinarily sold at a discount to dealers. This includes most all our publications and products and excepts only such items as printed blanks and forms for dealers, envelopes for first day covers and such items as are not usually sold for resale. Such items in all cases being priced net to dealers or collectors alike.

In addition to the above, it was voted that stockholders be carried on

certain that our friends will appreciate this arrangement.

We are preparing to mail copies of our Prospectus which has just been prepared, together with subscription forms and copy of our new enlarged price list to all who are interested in learning more about our offer of stock in LINPRINT INC.

If you have not received a copy of this Prospectus, we shall be glad to send same on request. There is but a limited amount of stock for sale. We believe that it should be subscribed rapidly and urge that you consider a subscription at once.

It is our wish to distribute the stock among as many collectors as possible and for that reason we have arranged that payments for subscriptions may be made over a period of 9 months time. There are four different plans by which you may make payments for stock and we feel that there are few of our readers who can not afford at least a share or more. Of course there is not enough shares to supply more than about one in every 12 or 15 readers, and we would urge your investigation at once.

Our prospectus explains fully our proposals for the use of the new capital which we are soliciting and we hope that you will ask for a copy. George W. Linn

RELIGION IN THE STAMPS

Stamps Commemorating Religious Festivals

BY HARRY M. SAVACOO

CHAPTER XV

(Continued from last week)

The Irish Free State issued two values with the same design (No. 88, 89). The 2p value is slate green and the 3p deep blue. The design is very chaste and simple and yet expressive in its symbolism. Besides the date and statement of the Holy Year the middle of the design is dominated by a plain cross with its center surrounded by a halo. At the foot of the cross and facing each other are two kneeling figures bowing in adoration of the cross.

Brazil has a stamp issued in 1933 which is headed "Holy Year Issue" in Scott's catalog but as noted in smaller type in the catalog it was in reality issued for the Eucharistic Congress held in Brazil in 1933.

The Vatican State issued a set of stamps for this Holy Year. We are omitting the treatment of them here as we plan to give a whole chapter to the stamps of the Vatican State.

The Eucharistic Congress is a later addition to Roman Catholic Church festivals and it is only in the past few years that it has assumed international importance. The first Eucharistic Congress was held at Lille, France, June 21, 1881, by Bishop Segur. Its aim then, as now, was to increase the reverence for the Holy Eucharist by glorifying it in special ceremonies. The whole idea is based on the doctrine of the Real Presence of Christ in the Eucharist. The Eucharistic Congress grew rapidly in popularity and the Roman Catholic Church found in the observance not only a way of deepening the devotional life of Catholics, but a strong missionary appeal to non-Catholic as well. The Congresses reached a world-wide scale with the nineteenth one, held in London in 1908. They are now held at irregular but frequent intervals in widely scattered parts of the world. The Congresses are occasions for the assembling of great numbers of high church dignitaries. Their colorful robes, the attendance of multitudes of devout worshippers, and the solemn ceremonies make the Congresses very impressive, even for non-Catholics. Through the agency of the radio the more recent Congresses have been carried into thousands of homes the world over.

It is very natural that countries which are predominantly Catholic should give official recognition to these Congresses and issue stamps to commemorate them. The Irish Free State inaugurated this by issuing two stamps with the same design in 1932 upon occasion of the Eucharistic Congress held in Ireland (No. 85, 86). The design of these stamps is very simple.

At the bottom is the date in Roman numerals. Around the sides and top runs the inscription, "International Eucharistic Congress." In the center is the Cross of Cong and in the center of the cross a small picture of the Chalice, symbolical of the Holy Eucharist.

Brazil issued a stamp in honor of their first National Eucharistic Congress in 1933. It is of 200r value and is printed in dark red. It is a large upright rectangular (No. 378). This stamp is not particularly attractive as the whole design is made up of various symbols of the Eucharist and the Catholic Religion. The average non-Catholic would only understand the date and the inscription, "First National Eucharistic Congress." The central design features a symbolic figure of a fish. The fish was from very early times the symbol of the Christian Religion. After looking at these Irish and Brazilian stamps we wonder why some Catholic country has not thought of using one of the great paintings of the Last Supper by a Catholic artist as a design instead of this maze of symbols unknown to everyone except a trained ecclesiastic.

The Argentine issue of 1934 in honor of the 32nd International Eucharistic Congress held in Buenos Aires is more in line with popular taste. Two stamps were issued. A 10c in rose and brown bearing a picture of the "Christ of the Andes," which we referred to in a previous chapter. It is a splendid close-up of this gigantic statue of Christ which stands high in the Andes on the boundary between Chile and Argentina as a fitting symbol of the peace which they swore at the foot of the Redeemer. This spirit of peace was created out of a violent dispute threatening war by the passionate preaching of peace by two Roman Catholic bishops, one in Chile and the other in Argentina. It is peculiarly fitting that a statue of "The Prince of Peace" should grace a stamp in honor of the Eucharist, the symbol of his sacrifice for peace and righteousness. The other stamp issued was a 15c in dark blue bearing a picture of the Buenos Aires Cathedral. This Cathedral will be discussed in a later chapter.

Brazil also had a part in honoring this Eucharistic Congress in the Argentine. Cardinal Pacelli was the Pope's Legate at the Congress. On his way to Argentina he paid Rio de Janeiro an official visit. The Brazilian government honored his visit by issuing two stamps (No. 392, 393). Both bore a picture of the huge statue of Christ which looks down upon the city with outstretched arms from the mountain peak back of the city. There was on the left side of the stamp a map of eastern South America and inscribed on the map "Visit of Cardinal Pacelli, 1934."

We hope in the near future to have from some country a stamp issue for Christmas and Easter. There are many great paintings which could be used for such an occasion with the approval of all denominations. Why not more pictures and symbols of the "Prince of Peace" and less of war-makers on our stamps?

Flood Upsets Mail Service

Baltimore, Md.,
March 20, 1936.

Linn's Weekly Stamp News,
Columbus, Ohio.
Gentlemen:

Perhaps you will be interested in learning of, and possibly advising your readers of conditions of the U. S. mails due to the recent floods. No doubt many of your readers have ordered items from your advertisers located in the east and are wondering why they have had no replies.

The fact is that all mail destined for Baltimore, Washington and other eastern cities was delayed several days. Much mail originating in the western part of the country ordinarily comes to the eastern cities through Pittsburgh or Harrisburgh, Penna. or Cumberland, Maryland. The newspapers have told in vivid language of the flood conditions in those three cities.

I know for a fact that daily mail from Youngstown, Ohio and St. Paul, Minn. was 5 days late in reaching Baltimore, and the postoffice here could give no definite information as to when such mail would be delivered.

Yours very truly,
Robert Post.

Booklet Stamps of Denmark

In "The World in Review" column of our February 15th issue, mention was made of the feature of the Hans Christian Andersen story contained in special booklets of those stamps. Thru the courtesy and interest of Mr. John B. Allison, Gardner, Illinois, we are able to give our readers more detailed as well as more interesting information in this matter. He states, that after reading our previous article, he sent to Denmark for fourteen booklets of the stamps and upon receipt of them found that not only the story "The Little Match Girl," but four other stories had also been printed. The four other stories were: "The Necktie", "The Butterfly", "It's Quite True", and "The Angel." Of the five stories, the only one Mr. Allison found printed in the Harvard Classics was "The Angel." In HANS CHRISTIAN ANDERSEN'S STORIES FOR THE HOUSEHOLD as printed by McLoughlin Bros., he found "It's Quite True", "The Angel" and "The Little Match Girl". Evidently, "The Necktie" and "The Butterfly" are not so well known in English translation. On the inside and outside back cover of the booklets is commercial advertising.

Big Buffalo Stamp Meet

May 22, 23, 24 are the dates selected for the big annual open house joint meeting of the Buffalo Stamp Club, Kenmore Philatelic Society, Toronto Stamp Collectors Club and Hamilton Stamp Club.

This meeting will be held at the Hotel Statler. The meeting will open on Friday evening. There will be a bourse and exhibition and on Saturday evening a banquet and auction.

Mr. Victor F. James, leading London, England dealer is expected to be present at this meeting.

It is needless to state that stamp collectors from all points will be welcome.

Lady Exhibitors Wanted

The Chicago Woman's Stamp Club invites feminine collectors to enter frames in their Exhibit May 23rd and 24th. There will be a small fee of 25c per frame to cover insurance, etc. Rules and Entry Blanks can be obtained from the Secretary, Mrs. Alice C. Westphal, 3008 N. Whipple St., Chicago, Ill.

SIDE GLANCES AT THE CATALOG

Los Angeles 4c Taft coil at 50c yet not obsolete, could easily be reordered. . . . Denver 3c Stuart coil at 20c seems high. . . . Portland, Ore. 4c Martha ord. reached a dollar this time, but the same stamp from Omaha remained the same at a quarter. . . . Sheboygan 121 jumped from 10c to a dollar. No pairs known of this item. There is a story behind most of these items that would make interesting reading. . . . Of all the old type blocks of four listed from Columbus, O., it is my opinion that the 8c perf. 10 is the scarcest of all, yes even more so than a block of 53s.

NEWS INK

Any printer knows that to use news ink on any other than a very cheap grade of paper that the results will be bad. There seems to be an oil in news ink that will not soak into any other than a cheap soft paper. If used on a hard paper the oil will run out around the printing making what some term a "halo." Oft times we see some city

type precancels smeared up this way, in fact some of them look like they were made from a handstamp, but for the fact that we know they were printed from plates we might think they were handstamps. Columbus, O. on U-12, Ashland, O. in U-12 are a few of the cities which are some of the offenders. So when I note precancels smeared up in this manner I conclude that news ink was used on the press by a careless operator.

ASSOCIATED PRECANCEL CLUBS OF NEW ENGLAND

There are four clubs comprising this group if any of my readers live near enough to attend the meetings of these clubs I know you will be made welcome and to feel it was worth your while in going:

The Animals on Postage Stamps

If you collect Animal Stamps you will certainly want to know about the Animals on your stamps and with this latest publication of the Scott Stamp & Coin Company you can readily inform yourself about all the queer beasts and learn the differences between them.

This new book by Otis W. Barrett, D. Sc. is authoritative on animals for Mr. Barrett has long been famous as a scientist in the field of Natural History. Your collection will hold far more interest if you can learn about the subjects on your stamps and tell of them when displaying your collection.

The various subjects are treated in brief yet thorough manner and make interesting reading whether you are a stamp collector or otherwise.

The book is bound in blue cloth, illustrated with nearly 300 pictures of Animal stamps and is priced at only \$1.00. It can be had through your bookseller or from the Scott Stamp & Coin Company, 1 West 47th Street, New York, N. Y.

Stamp Club Directory

For the information of our readers, who desire to meet with collectors in other cities, in their travels over the country, we list below, each week, a certain number of regularly organized Stamp Clubs, throughout the country. Questionnaires have been mailed to all Secretaries of Clubs on our mailing list. If your Club's name is not among those listed, a card to us giving the Secretary's name and address, will enable us to send a questionnaire to that party, so that your Club may be listed.

(*) It sometimes happens that the Secretary

is not so situated as to be able to meet visitors who desire to meet the local collectors or attend the local club meeting. If this is the case, a member whom visiting collectors may contact is so noted at the foot of the Club data. If the Secretary's name is marked thus (*), it indicates that he is the Contact Man. Want Musical Stamps

The Athenian Music Club of Mars Hill, North Carolina have petitioned Postmaster James A. Farley to issue a set of postage stamps honoring American Music.

Copies of the petition have been supplied leading publications and clubs throughout the country and their assistance and support is solicited.

FOR TIPEX SOUVENIR SHEETS

The Rhode Island Stamp May 4th

THE TIPEX SOUVENIR SHEET May 9-17th

Handsome Two-Color 6¾ Size Envelope for Either Stamp

We Will Accept Standing Orders for Envelopes

Many buyers have frequently sent us a dollar and asked us to send new envelopes each time a new stamp appears until their dollar is used up. We believe many would like to adopt this plan and we therefore make the following schedule.

SEND US ONE DOLLAR AND WE WILL SEND — POSTPAID

Six envelopes for each of the next ten new stamps to be issued when announced.
or Fifteen envelopes for each of the next four stamps to be issued when announced.
or Forty envelopes for each of the next two stamps to be issued when announced.

By this plan you are always sure to get the envelopes promptly when a new stamp is announced. You save time and trouble in ordering as well as postage and money order expense. Present indications are that there will be more than ten new stamps before the end of this year.

Broadway Chatter

By Bi Stander

We saw a used copy of the new stamp the Argentine Peso and was told that in the British House of Commons a heated debate took place because Argentine had depicted on this Peso value the continent of South America and at the tip off the Coast, the British owned Falkland Islands. It appears as almost a dot on the stamp but oh what a fuss it has stirred.

We hear also that there were originally 350,000 sets of the Union of South Africa Silver Jubilees and that only 97,000 were available, the balance being burnt up. If this is true the set is as good as we thought it was at first.

She was considerably over thirty and on the way to be an old maid. When office hours were over all she had to do was to go to her finely appointed room for she made a fine salary. Until one day while passing

along the canyon known as Nassau Street she spied a stamp dealers sign. The beauty of the Silver Jubilees intrigued her. Immediately she must have some of them and into the first available dealer's shop she went. Then for the next three weeks she bought and bought, generally after payday on Saturday. While buying liberally she became a pain-in-the-neck to this dealer. Without exception she brought each set back, and in each case there was something the matter she thought. Could the dealer change the middle stamp in the set as it was off center a trifle? Thrown pell mell into her pocketbook when she bought the used sets, it always seemed that the stamps developed tears, but she always brought them back. The dealer was as patient as Job, and he exploded one day and this is how it happened. She bought a set of the Union of South Africa Silver Jubilees in severed pairs. Some were mint and some were used. Almost every evening when the dealer was closing up after a hard day she would come into the shop. Could the dealer find a mint copy of the 3d, or did he have a mint 6d, as she had decided she wanted them unused? The dealer said he would try. Then she goes out, buys a mint 6d for \$3, an exorbitant price, and now she only needs a mint 6d Union Sud Africa value to fill the set. Would some pitying reader dig up a 6d Sud Africa mint and send it to the Editor of this paper, for this dealer has asked the writer to broadcast his need. It will save him from many anguished moments, and quiet the lady of the Jubilee's. Any fair price will be paid by the dealer to close this matter up.

We saw the new Zeppelin stamps of Germany. The 50pfg. is in ultramarine and the 75pfg. is green. The new "Hindenberg" airship is shown in flight over the ocean. It is rumored that only 100,000 sets were issued.

Philatelic: "I've just come back from the ATEX (Atlantic City Stamp Exhibition) and I'm going to

the TIPEX (Third International Stamp Exhibition)."

Non Collector: "I always knew you were nutty. Now I'm sure of it."

Live Collectors

A man in Michigan recently in going thro the papers of an old company, found securities that might be worth millions. Wrote Washington to find out. Later newspaper reports said the securities were "extinct," but the man had been deluged with mail from stamp collectors who read the item about the find and wondered what else there might be in those old files.

U. S. Auction Prices

While musing the prices at which U. S. stamps sold on February 28th at the Uptown Stamp Co. sale in New York City, some thoughts occur to me that may be of interest to other collectors.

We note that mint blocks are very much in demand; for instance in Columbians, the 2c "broken hat" variety in a mint block of nine sold for \$7.60; the 3c block of four for \$3.30; 4c block of four for \$6.20; 5c block of four for \$5.60; 6c block of four for \$5.25; 8c block of four for \$3.40; 10c block of four for \$6.10; the 15c block of four \$21.00, which was \$6.00 over catalogue, and are advancing, a \$4.00 selling at \$40.00 and a \$5.00 at \$38.50.

Auction buyers emphasize the necessity for us to at all times collect only the best-centered stamps which we can obtain, because of the prices which they bid for same. Dozens of well-centered mint stamps sold around or above full catalogue price, while their off-centered brethren were selling for half those prices or less.

The \$1.00 Trans-Mississippi went to \$17.25 and how they do bid for mint blocks showing imprints or guide lines; a 5c block of Louisiana Purchase, with imprint bringing \$18.50 or \$6.00 over catalogue; a 1c Imperf. 1906 block with center lines going to \$30.25, or \$10.00 over catalogue; the 2c shield Imperf. in arrow blocks brought \$5.00 over catalogue; all of which shows that those little arrows, lines and imprints are worth having and very much in demand.

The Imperfs. and Coils from No. 344 to 355, the Lincoln Imperfs. and bluish papers and Alaska Yukon and Hudson-Fulton Imperfs were bid up around and above catalogue prices.

In Panama-Pacifics a block of six of 10c orange No. 400 changed hands at \$5.00; the 5c red error No. 467 in block of six went to \$27.00 and the Harding Imperfs were well sold.

Complete set of Walloons in blocks brought \$7.20 and Norse-Americans \$6.00, and blocks of four of the 50c Zeppelin sold for \$10.00 while a full sheet of fifty, went for \$142.00.

So that whenever I study the auction prices I constantly get new ideas of the ever-changing demands of collectors, as expressed by the buyers at these sales.
